

Kick-off FOR-IN Conference

- Addressing current emergencies: community mobilization and psychosocial support to refugees, immigrants, their children, and unaccompanied minors in the context of rapidly increased arrivals

2-3 May 2022, Vilnius Town Hall, Didžioji street. 31, Vilnius, Lithuania

In June and July 2021, Lithuania and Latvia saw a sudden influx of people crossing the border from Belarus, while since late February 2022, the Nordic-Baltic region has faced rapidly increased arrivals from Ukraine due to Russia's war in Ukraine. Considering challenges and lessons learnt during the situation in 2015-2016, a kick-off FOR-IN conference will give an opportunity for a cross national exchange of practices and experiences of providing assistance to immigrants and refugees in the context of rapidly increased arrivals, and will focus on the following dimensions: (i) Community support, mobilization, and engagement of municipalities during arrival and early integration phase; (ii) psychosocial support for traumatized refugees, immigrants, and their children as well as work with unaccompanied minors.
